An exciting opportunity to join an incredibly innovative and supportive team! We are hiring an Operational Manager to oversee three inspiring mental health services in the Mid Sussex and Crawley area. You will be responsible for the day to day running and development of Pathfinder, BeOk and our Emotional Wellbeing Service. We need someone with a passion for mental health, the drive and focus to support the team and develop the services through coproduction with other organisations.

#### West Sussex Community Mental Health Services

Pathfinder West Sussex is an alliance of voluntary sector organisations working together to enable people with mental health support needs, and their carers, to improve their mental health and wellbeing. The service is delivered in partnership with clinicians from Sussex Partnership NHS Foundation Trust and together we provide a network of mental health recovery support so people can move freely between alliance services to get well and stay well. As well as supporting people with their mental health, we help them to improve their physical health and wellbeing. We value the expertise of people with lived experience of mental health challenges and actively involve them to design, deliver and monitor our services.

Be OK runs alongside our Pathfinder Service and focuses on young people aged 16-21. The Emotional Wellbeing Service extends the Pathfinder service into GP surgeries
