

bht sussex

We provide homes, specialist support services and legal advice and representation across Sussex.

Combating homelessness, creating opportunities, promoting change

BHT Sussex is an organisation made up of interlinked projects and services that empower people to overcome homelessness, poverty, addiction and mental ill health.

£4,234,080
RAISED BY OUR WELFARE BENEFITS ADVISERS FOR 548 CLIENTS

BHT Sussex provides homes and a diverse range of specialist support services across Sussex.

We work in the following six areas:

HOMELESSNESS SUPPORT
We provide practical help to rough sleepers as well as support to get off the streets, through our resource centre First Base. We also run a high support hostel for homeless adults, and a supported housing project for homeless young people.

HOUSING SERVICES
We are a registered social landlord providing homes across East Sussex, offering affordable housing for people on low incomes and a tailored service at a local level.

MENTAL HEALTH AND WELLBEING
We provide specialist support, accommodation, groups and counselling to adults and young people experiencing mental health issues, in Brighton and West Sussex.

RECOVERY FROM ADDICTION
Our Addiction Services support people throughout their detox and recovery journey, providing supported accommodation and a programme of support.

ADVICE - HOUSING, BENEFITS AND IMMIGRATION
Our advice centres in Eastbourne, Hastings and Brighton provide free specialist advice on a range of housing, immigration and welfare benefits related issues. We also provide floating support as the strategic partner with East Sussex County Council for homelessness prevention.

WORK, LEARNING AND EMPLOYMENT
Our work and learning projects help people to access training, placements and employment.
